

SERIES TZ 58/1800 CD - COMPACT

Tinox borosilicate vacuum tubes with heat pipe

Model	TZ58-1800 -CD18	T Z58-1800-CD20
Tank diameter	470mm	470mm
Vacuum tubes diameter	58mm	58mm
Tubes length	1800mm	1800mm
Quantity of vacuum tubes	18	20
Tank capacity	196 lt	224 lt
Fit for nr. persons	4-5	5-6
Price ex warehouse	€1.585,00	€1.655,00

***Transport and installation charges excluded**

Tank section

Enamelled model

Tube heat-pipe

Compact inside tank – electric resistance - heat-pipe

TECHNICAL FEATURES

Vacuum tubes diameter	58mm	58mm
Vacuum tubes length	1800mm	1800mm
Tubes quantity	18	20
Tank capacity	196 lt	224 lt
Fit for per nr. persons	4-5	5-6
Yearly gas saving approx.	€450/500	€600/700
Roof fixing hangers thickness: 1.2mm		
Heating system: tinox borosilicate vacuum tubes direct heat-pipe		
Water tank inside: 0.4mm SUS316 (stainless steel per foods)		
Water tank outside: aluminium		
Tank insulation: polyurethane (thickness 55mm)		
Tank and tubes freeze resistance: - 45 °C		
Hail resistance >2,8cm diameter - 8 kg x cmq		
Pressure loop: macromoleculare silicon rubber		
Water tank cover: enameled steel		
Support material: enameled steel 1.2mm (profiles and bars)		
Inclination angle: 30/45 °		
Electronic controller and antifreezing function (included)		
Galvanic currents protection : magnesium bar (included)
